WBP GROUP CORPORATE PROFILE

PROPERTY VALUATIONS AND ADVISORY

ABOUT US

At our Queensland Office, we provide specialist, independent, data-driven valuations and property advice. We support clients in making evidence-based property decisions, without the guesswork. Covering the south-east Queensland region, including Brisbane, Gold Coast, Sunshine Coast and Ipswich, we lead the way with expert valuation services across residential, commercial and specialised properties, for all purposes.

Our clients span the spectrum, from bank lenders, non-bank lenders and government departments, to small business and individuals seeking independent insights before buying and selling. After more than 25 years, WBP Group continues to demonstrate a breadth of experience, expertise and commitment to providing industry-leading client experiences.

STATE LEADERSHIP

Jonathan Millar
State Director (QLD)

With over 30 years' experience in valuation throughout south-east Queensland, Jonathan draws on his extensive valuations background to inform his customised approach to property advice. Add his insight from his post as National Manager for Valuations at a major financial institution – he's uniquely positioned to assist our clients in the financial industry to get the optimum outcome when navigating the valuation process.

Sacha Millar
General Manager (QLD)

Teaming up with General Manager for QLD, Sacha Millar, they provide industry-leading service, coupled with optimised processes and workflows to improve the customer experience. They cofounded JDMA Property Consulting and Valuations in 2007 and went on to join the national team at WBP Group in 2016.

Co-authors of the book, 'Real Estate for Beginners – A property valuer's inside tips for pricing, buying and adding value. Jonathan and Sacha regularly share their expertise at property events and seminars.

ACCURATE

Compliance team processes and workflows ensure report accuracy and adherence to specific client requirements.

INDEPENDENT

Reports are compiled by professional valuers deploying up-to-date data, impartial analysis and industry-leading technology.

EXEMPLARY

Advanced workflows ensure a timely turnaround. We aim to be highly responsive from initial contact to final report delivery.
